Smart Spring Suits
\$25.00 to \$55.00

We don't believe any two Washington stores together can show as many really beautiful suits as you'll find here.

And we're strongest where most lines are weakest—in suits of silk, jersey and the scarce tweeds and homespuns.

It's the best line from every viewpoint we have ever shown—price, originality and exclusiveness.

Any woman who buys her spring suit without looking through this stock is doing herself an injustice.

This season the noted French couturieres have originated more than one hundred charming and distinctive models.

You'll find an adaptation here of every single one of them—a copy with all the charm of the original at less than one-half the cost.

Get your suit for Easter now—while the stock is complete.
